EXPERIENCES

Developed and maintained dynamic web applications.

Collaborated with cross-functional teams to optimize website functionality.

1. Freelance Web Developer

Remote | Nov'24 – Dec'24

- Built features for a dropshipping company's backend system, enabling real-time tracking of product sales using core HTML, CSS, JavaScript, AJAX, and PHP.
- Designed and developed an admin panel for a website to manage content and functionality effectively using MVC framework.

2. Software Developer, LoanTap Financial Technologies

Pune, India | Jun'24 – Oct'24

- Designed and developed RESTful APIs with PHP to process financial data securely and efficiently.
- Automated loan journey modules, enhancing the user experience and operational efficiency.
- Contributed to creating debugging tools, improving the backend process and reducing response times.

3. Web Developer, LIQVD ASIA Pvt. Ltd

Mumbai, India | Oct'23 – Jun'24

- Handled the development and maintenance of Digiboxx applications
- Built dynamic, responsive web features and integrated a custom CMS for efficient content management using MVC framework.
- Worked closely with frontend teams to implement and enhance user-focused functionalities.

4. Software Design Engineer, Merkle Sokrati

Pune, India | Mar'22 – Aug'23

- Created robust APIs using PHP for seamless data manipulation.
- Improved web application performance through backend optimization and caching strategies.
- Designed responsive UI components using HTML5, CSS3, and Bootstrap.

EDUCATION

Bharati Vidyapeeth University (BVP)

Pune, India | Jul'19 – Jun'22

Post-Graduation in Computer Applications (MCA)
